Cully & Sully was established in 2004 by friends Cullen Allen (Cully) and Colum O Sullivan (Sully) when they saw a gap in the market for quality chilled meals. Following a successful launch they brought out a range of restaurant style soups in 2006 and have been Irelands number 1 soup across Chilled and Ambient since 2017. Cully & Sully are passionate about quality taste and flavour. The company continues to innovate, bringing out a range of Broths in 2017 to target the Vegan and health markets. The company is based in Cork with production in Galway & Kilkenny. There are 12 people employed in Cork, Cully & Sully are directors of the business with the parent company Hain Celestial based in the US
