Goatsbridge Trout Farm has a track record of 55 years in business and brings a wealth of experience to suit ever-changing market trends, putting a huge emphasis on quality, innovation and environmental responsibility.

As a small, family-run business with tradition, heritage and expertise, the company offers reliable, large scale production capability. It can offer potential brand extensions through its NPD pipeline, as well as the opportunity to pack own label if required.

Employing 20 people, its business grew by 23% in 2013, building on a commitment to develop innovative ideas and providing a professional farm-to-fork service. Goatsbridge Trout Farm is a unique Irish producer within the fish industry, enjoying a reputation for being a trustworthy and reliable supplier.

The company aims to be a leader in the trout industry. It will continue to build business through sustainable practices in fish welfare and is a member of Origin Green. In terms of traceability, it was the first company to tag fish on the fresh fish counter.

Why Us
