Retail

Kish Fish is a family run business which was established in Dublin in 1966. As a progressive seafood supplier, we deliver the finest seafood to restaurants and corporations across Dublin and Leinster. Additionally, we have 4 retail shops with a friendly team of fishmongers from the local area ready to assist our customers.

We are excited to launch our Organic Smoked Salmon and have spared no effort to ensure that our smokehouse in Howth, the heart of fishing in Ireland, brings your customers the finest, freshest quality Irish organic smoked salmon.

At Kish Fish, our primary aim is to supply the highest quality seafood at competitive prices. We work with an extensive list of trusted partners who supply the best quality fish and shellfish from around Ireland's coastline and beyond.

## Why Us

Working with Kish Fish means that our experienced team are on hand to share with you their extensive knowledge in specialised services such as filleting, scaling, skinning, pin-boning and portioning.

We are committed to responsible sourcing and sustainability from tide to table - allowing us to meet today's needs and protect tomorrow. We operate from a state of the art premises in Dublin and are approved by the Sea Fisheries Protection Authority in addition to holding BRC certification at our processing facility and are certified by the Organic Trust.
