Morgans Fine Fish has sourced and prepared the finest fresh fish since 1860. Our business was built on serving our customers with the highest quality, freshest fish, delivering above and beyond when needed. Our strength comes from working together on these basics, every minute of every day. The business has a long tenure with our existing customers. We treat our people, our suppliers and our customers with fairness, openness and honesty, building trust and loyalty. We believe in vibrant coastal communities nurturing people, planet and profit through sustainable business practices. We place significant emphasis on sustainability, traceability and our

responsibility to the environment. The seafood we supply is renowned for its natural taste, high nutritional value and health benefits. MFF is one of the top 3 Seafood Processors in Ireland, we have sustained steady incremental growth over the last 30 years. MFF is a family owned seafood processor with a strong rural base in Omeath, Co. Louth.

Why Us

- As part of our highly active FIP (Fisheries Improvement Projects) membership, MFF have been the leading seafood processor working towards continuous availability of premium sustainable Irish white fish stocks
- Traditional hand filleting coupled with state of the art technology allows us to meet both the bespoke needs of foodservice customers and to meet the high volume, capacity and dynamic needs of the retail market
- Highly Integrated ERP System and end to end traceability system
- Access to responsibly sourced produce In Ireland, Scotland, Shetlands, Norway, Iceland and beyond
