Manufacturing

At Cybercolors we are passionate, innovative and established food ingredient company based in Cork that specialises in the sourcing, research, manufacture and promotion of natural food colors.

ClearMeTM

Founded in 2000, we provide natural food colors for the global food and beverage industry, dietary supplements, health care and nutrition industry. Cybercolors broad portfolio incorporates powders, oil soluble and water soluble natural food colours to maximise the visual appeal of food and beverages.

Reputable supply chain management and technical systems ensures that all colors produced fulfill quality standards and satisfy customers needs.

Why Us

At Cybercolors, our many years of application expertise allow us to work with your application area to maximise the visual appeal of natural colours. Our main areas of expertise are ClearWhey, Dairy, Confectionary, Beverages and Savoury.
