Retail

Established in 1928, North Cork Creameries is a farmer owned co-operative processing over 100 million litres of milk a year into a range of value-added food ingredients and delicious dairy products.

Through a multi-million euro investment programme completed in recent years, we have an advanced operational capability and offer total efficiency across the supply chain in meeting the needs of global food industry customers.

Why Us

Collected from the farms of our high quality milk suppliers, we process over 300 million equivalent wholemilk litres of pasture produced milk annually in state of the art manufacturing facilities offering high levels of efficiency and flexibility. Our milk is converted into a range of value-added, quality dairy products for home and export markets, including Casein Powders, Skim Milk Powders, Buttermilk Powders, Butter and a range of Liquid Milk and Cream products.

Our product range

- Liquid Milk
- Sweet Cream Butter (Retail)
- Fresh Cream
- Whey Butter (Bulk)
- Sweet Cream Butter (Bulk)
- Rennet Casein
- Skim milk powder
- Buttermilk powder
- Sweet whey
