Retail

Simply Organic Ltd. was set up in 2000 in response to a need in the marketplace to supply Certified Organic Produce to the retail sector. Specialising in fresh fruit and vegetables, Simply Organic was set up specifically to supply Irelands leading supermarkets, and our customer base includes the multiples, independent supermarkets and individual retail outlets. We have succeeded in changing the attitude of a number of more progressive Irish organic growers and have built up an Irish supplier base, among those who wish to engage in commercial production rather than market gardeners. We have also built up an extensive network of foreign supply partners and growers to maintain consistent, continuous, year round access to organic produce for our customer base.

Why Us

Organic produce has long been seen as an important part of a healthy lifestyle, and allows people to demonstrate their awareness in a sustainable environment.

Our product range

Producing fresh fruit and vegetables

Sostenibilità

As early as 2002 we have tried to consistently source biodegradable and compostable packaging and overwrap. It has taken the manufactures till now to provide a suitable range
