Foodservice

Established in 1984, Cooley Oysters is a privately-owned company. Its core business is producing oysters of the highest quality.

Cooley Oysters are an export focused business. The oysters are sourced from Class A nutrient rich waters in Ireland with full traceability from shore to market. Cooley have a wealth of experience and heritage as they have been oyster farming on their site for over 30 years.

Cooley Oysters are specialists in Irish Rock Oysters (*Crassostrea gigas*), Standards and Speciales, and Native flat oysters (*Ostrea edulis*). As an Origin Green Verified company, Cooley are committed to supplying high quality, sustainable Irish products.

Why Us

Cooley Oysters has been farming in the same Class A, nutrient-rich waters for over 30 years and can guarantee full traceability from shore to market.

Our product range

Markets

Asia Pacific

China

Europe

UK & NI

- Cooley Oysters is a family run business committed to supplying high quality sustainable Irish oysters.
- As part of the company's packaging target, Cooley Oysters are planning to minimise the usage of polystyrene boxes and promote wooden crates instead.
- Cooley Oysters have designed new recyclable lids for its wooden boxes.
