

Begleys Distribution/Simply Organic Ltd

Company address

Unit 7 Blanchardstown Corporate Park, Dublin 15,
Dublin

begleys.ie

From our beginnings, trading with the Dublin Market, growers in North Co. Dublin, Co. Meath and beyond, Matt and Phyllis, along with close family members grew and developed the business to its present position. Their sons have now assumed responsibility for the continuing and future development.

As our organisation grew and developed we have gathered together experienced, professionally minded people, who control the individual functions within our operation. Currently we employ 150 people and this figure rises to 200 during busy harvesting seasons.

Why Us

With quality systems at the core of a professional approach to fresh produce distribution, we at Begley's Simply Fresh, deliver daily through a countrywide distribution network. Concentrating on pre-packed fruit and vegetables, we offer our supermarket customers a selection of Irish and imported produce.

Our product range

Working with our sister companies in Wexford and Meath we ensure quality fresh Irish root vegetables, packed on the farms or in Blanchardstown, for our customers.

Sustainability

Begley's aim to introduce sustainable packaging for 20% of its products by 2022.
