Retail

Founded in 1995, Glenstal Foods is one of Ireland's leading independent dairy trading and marketing companies. It has established itself as the partner of choice to many multinationals in the retail, foodservice and manufacturing sectors where dairy products are utilised.

Headquartered in the rural surrounding of Murroe, close to Limerick city, Glenstal specialises in the sourcing, sales and marketing of quality dairy products and specialised dairy ingredients.

The company also has a branch office based in Dubai, offering further support and customer service to its partners in the Middle East.

## Why Us

Glenstal's ethos is to work closely with its client base, understanding their needs and delivering outstanding service.

It offers an extensive, high-quality product range allied with flexibility, responsiveness and excellent customer service.

## Sustainability

- Glenstal Foods are committed to the sourcing of sustainably produced dairy products, aiming to build on the reputation of Ireland for its quality food that is produced in a sustainable manner.
- Biodiversity is essential in the company's eco system to ensure the long-term sustainability of the eco system.
- With improved research and knowledge about nutrition Glenstal Foods now know how improved diet can improve health. New developments in technology allow the company to make alternative foods for consumers with added health benefits.
- As the company develops and grows, Glenstal Foods give back to the community through local initiatives.

- As part of the commitment to reducing waste Glenstal are working with its retail partners to develop products that will reduce packaging waste across its range.
