Retail

Home to the well that produced Ireland's first mineral water and winner of 7 international gold medals for excellence. Borrisoleigh Bottling Ltd (BBL) has brought new life (a rebirth and much needed employment) to the small rural village of Borrisoleigh.

Put that together with over 30 years combined experience of staff who with different facility owners, have grown to understand the expertise needed in this industry and this combined with true passion for success, is magical.

BBL delivers a superb natural water, from an age-old artesian well, in packaging that reflects a sensitivity for the environment and in a way that seeks to lead the industry towards a more responsible and sustainable future.
